

**CITY OF ATHENS, TENNESSEE**

**COMPREHENSIVE ANNUAL  
FINANCIAL REPORT**

---

**FOR THE YEAR ENDED  
JUNE 30, 2015**

**Prepared by:  
Department of Finance**

## CONTENTS

### Page No.

### INTRODUCTORY SECTION

Letter of Transmittal	A-1 - A-4
GFOA Certificate of Achievement	A-5
Organizational Chart	A-6
List of Principal Officials	A-7

### FINANCIAL SECTION

#### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON FINANCIAL STATEMENTS

1-3

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

B-1 - B-10

#### BASIC FINANCIAL STATEMENTS

##### Government-wide Financial Statements:

Statement of net position	4
Statement of activities	5

##### Fund Financial Statements:

Balance sheet - governmental funds	6
Reconciliation of the governmental funds balance sheet to the statement of net position	7
Statement of revenues, expenditures and changes in fund balances - governmental funds	8
Reconciliation of the statement of revenues, expenditures and changes in fund balances of governmental funds to the statement of activities	9
Statement of revenues, expenditures and changes in fund balance - budget and actual - General Fund	10-13
Statement of revenues, expenditures and changes in fund balance - budget and actual - General Purpose School Fund	14
Statement of revenues, expenditures and changes in fund balance - budget and actual - Federal Projects Fund	15
Statement of net position - proprietary funds	16
Statement of revenues, expenses and changes in fund net position - proprietary funds	17
Statement of cash flows - proprietary funds	18
Statement of fiduciary net position - Athens Pension Trust Fund - fiduciary fund	19
Statement of changes in fiduciary net position - Athens Pension Trust Fund - fiduciary fund	20

##### Notes to financial statements

21-74

**REQUIRED SUPPLEMENTAL INFORMATION**

Schedule of changes in the net pension liability (NPL) and related ratios - Employee Retirement Plan	75
Schedule of contributions - Employee Retirement Plan	76
Schedule of investment returns - Employee Retirement Plan	77
Schedule of changes in the net pension liability (assets) and related ratios - Athens City Board of Education - Public Employee Pension Plan	78
Schedule of contributions - Athens City Board of Education - Public Employee Pension Plan	79
Schedule of proportionate share of the net pension asset - Athens City Board of Education - Teacher Legacy Pension Plan	80
Schedule of contributions - Athens City Board of Education - Teacher Legacy Pension Plan	81
Schedule of contributions - Athens City Board of Education - Teacher Retirement Plan	82
Schedule of funding progress - other postemployment benefits - Board of Education Teacher Group Plan	83

**SUPPLEMENTAL INFORMATION**

Combining balance sheet - nonmajor governmental funds	84
Combining statement of revenues, expenditures and changes in fund balance - nonmajor governmental funds	85
Budgetary comparison schedule - Debt Service Fund	86
Budgetary comparison schedule - Drug Fund	87
Budgetary comparison schedule - Centralized Cafeteria Fund	88
Combining statement of net position - Internal Service Funds	89
Combining statement of revenues, expenditures and changes in fund net position - Internal Service Funds	90
Combining statement of cash flows - Internal Service Funds	91

Schedule No.**FINANCIAL SCHEDULES**

Schedule of uncollected delinquent taxes filed - last ten years	1	92
Schedule of changes in property taxes receivable	2	93

## CITY OF ATHENS

Michael L. Keith, CPA  
Director of Finance

Honorable Mayor,  
Members of the City Council and  
Citizens of the City of Athens, Tennessee

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Athens for the fiscal year ended June 30, 2015.

This report consists of management's representations concerning the finances of the City of Athens. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Athens has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Athens' financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Athens' comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Athens' financial statements have been audited by Neal, Scouten and McConnell, P.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Athens, for the fiscal year ended June 30, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Athens' financial statements, for the fiscal year ended June 30, 2015, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Athens was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the City of Athens' internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are located in the Single Audit Section at the end of this Comprehensive Annual Financial Report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Athens' MD&A can be found immediately following the report of the independent auditors.

## **PROFILE OF THE CITY OF ATHENS**

The City of Athens, incorporated in 1891, is located in the southeastern part of the state, midway between the metropolitan cities of Knoxville and Chattanooga. This unique location affords the citizens of the City of Athens the ability to quickly access the amenities of two metropolitan areas. In addition, its proximity to the mountains of East Tennessee, the Tennessee River, and whitewater rafting makes it attractive to a wide range of individuals. The City of Athens serves a population of 13,458 and occupies a land area of approximately 14 square miles.

The City of Athens operates under the council-manager form of government, as authorized under Chapter 455 of the Private Acts of 1953. The five council members are elected at large. All elections are non-partisan, and the terms are for four years. Elections are held every two years on the first Tuesday in November so that only two or three seats are up for election at any given time. The council members select the Mayor and Vice-Mayor every two years at the council meeting in November, following the election. Policy-making and legislative authority are vested in the council. The council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, hiring the city manager, and appointing the city attorney and city judge. The city manager is responsible for carrying out the policies and ordinances of the city council, for overseeing the City's day-to-day operations, and for appointing the heads of the various departments.

The City provides a full range of services which include police and fire protection; sanitation services; the construction and maintenance of highways, streets, and infrastructure; recreational activities and cultural events. In addition to general government activities, the governing body approves the annual budget, debt issues and provides significant funding for the Athens City Schools, which requires the inclusion of these activities in the financial statements. The governing body appoints the Athens Utilities Board and therefore, these activities are reported separately within the financial statements of the City of Athens. However, the Athens Housing Authority, the McMinn County Economic Development Authority, the E. G. Fisher Library, and the Athens Health and Educational Facilities Board have not met the established criteria for inclusion; and, accordingly, are excluded from this report.

The annual budget serves as the foundation for the City of Athens' financial planning and control. The council reviews capital outlay needs each year at their annual retreat in January/February. The finance department compiles budgetary information to be distributed to the departments by February 28. Budget requests are submitted to the finance director in March, at which time the finance department compiles the data and makes revenue estimates. Budget hearings are held in April of each year with the department heads. In early May, the City Manager and/or Director of Finance make a formal balanced budget presentation to the city council.

After much review and debate among the council, the budget is revised to include any recommendations of the city council. A revised budget is submitted to city council at the May council meeting. The council is required to hold a public hearing on the proposed budget and to adopt a final budget and tax rate by June 30 each year, which is the close of the City's fiscal year. The appropriated budget is prepared by fund, function (e.g., public safety), department (e.g., police) and division (e.g.,

patrol). Department heads may make transfers within a division, but transfers of appropriations between divisions and funds require approval of the city council. Budget to actual comparisons are provided in this report for each governmental fund for which an appropriated annual budget has been adopted.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Athens operates.

### **Local Economy**

Major industries located within the City include several automotive parts suppliers, manufacturers of electrical components and plastics, and a producer of dairy products. Denso, the City's largest employer, will begin work on its third expansion in three years. This increases employment by over 400 employees for this one industry.

The unemployment rate has varied over the past decade. In 2006, the rate was 6.3 percent, with the highest rate being 14.9 percent in 2009 and the lowest rate being 4.9 percent in 2007. The rate was 7.1 percent for June 2015.

During the past ten years, the government's expenses related to education have generally increased in both percentage and amount. This is due to the increased state funding for The Basic Education Program (BEP), funding for renovations, an increase in sales tax collections and increases designed to meet the maintenance of effort as required by the state.

During the same ten-year period, taxes and intergovernmental revenues have increased in both amount and percentage. Property tax collections have grown because of the growth of Denso and personal property tax growth throughout the entire city. Sales taxes have also grown, and the City now accounts for approximately 79 percent of sales tax collections within McMinn County.

### **Long-Term Financial Planning**

Unassigned fund balance in the general fund (57 percent of total general fund revenues) has continued to grow for seven of the past ten years. The current year resulted in a decrease in the unassigned fund balance. The policy has been to maintain approximately 2 to 3 months of expenditures in fund balance (approximately 17 to 25 percent). In past years the excess has typically been transferred to the capital improvement fund to accumulate funds for large capital items and grant matching funds. These funds are currently being held in the general fund and will be transferred to the capital improvement fund to be used for such items as designated by the council.

The City has identified approximately \$34,000,000 in capital funding items. The policy for the City has been to fund many of these types of projects with grant monies or the funds accumulated in the capital improvement fund. The City continues to do stream mitigation work and storm water projects to improve water quality in the local creeks and streams. The City and McMinn County, with assistance from the Athens Parks Foundation, have been making improvements to the Eureka Trail, which is 4.8 miles of abandoned rail line purchased from CSX.

The City has approved funding for Athens City Schools to make renovations and additions to two schools. This will allow them to consolidate four schools into two and operate more efficiently.

## **Relevant Financial Policies**

Revenue policies provide for the City to budget revenues conservatively so that the chance of a revenue shortage during the year is remote. The City will review annually all fees and charges to assure that they maintain their inflation-adjusted purchasing power. The City will make every effort to avoid becoming too dependent on one source of revenue in order to minimize serious fluctuation in any year. The City will consider market rates and rates of comparable cities in the region when changing tax rates, fees and charges. In this regard, the City will make every effort to maintain its favorable comparative position with other Tennessee cities which has contributed to our economic development success. A detailed multi-year revenue trend analysis is utilized to assist in the budget process.

## **Major Initiatives**

The City has increased property taxes to provide for the school improvements mentioned above, to provide \$500,000 annually for paving of streets and to provide for additional employees for public works. The City has approved having a referendum for an increase in the local option sales tax rate from 2% to 2.75%. If approved, it will allow for the property tax to be decreased to its previous rate and still provide additional funding for operating the City and the City Schools. The City and McMinn County have been in discussions with the State of Tennessee concerning the location of a bypass to improve traffic flow in the area. Workforce development has been a focus of the City, McMinn County and the Economic Development Authority to have trained workers for local employers. Plans are also being made to construct a business incubator.

## **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Athens for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2014. This was the twenty-third consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this CAFR on a timely basis was made possible by the dedicated service of the entire staff of the finance and administration departments, in addition to the City's independent certified public accountants. Credit must also be given to the mayor, city council, and the city manager for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Athens' finances.

Respectfully submitted,

Michael L. Keith, CPA  
Director of Finance

Chattanooga, Tennessee 37450-1440

**Report of Independent Certified Public Accountants**  
**on Financial Statements**

To the City Council  
City of Athens  
Athens, Tennessee

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Athens, Tennessee, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Athens, Tennessee, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, General Purpose School Fund, and the Federal Projects Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages B-1 – B-10 and other required supplemental information on pages 75-83 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Athens, Tennessee's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements on pages 84-85, the budgetary comparison schedules on pages 86-88, combining and individual internal service fund financial statements on pages 89-91, the statistical section and the financial schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by U.S. Office Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the schedule of expenditures of federal and state awards, the budgetary comparison schedules, combining and individual internal service fund financial statements, and the financial schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated December 30, 2015, on our consideration of the City of Athens, Tennessee's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Athens, Tennessee's internal control over financial reporting and compliance.

Chattanooga, Tennessee  
December 30, 2015

**City of Athens, Tennessee**  
**Management's Discussion and Analysis**  
**June 30, 2015**

As management of the City of Athens, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Athens for the fiscal year ended June 30, 2015. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in pages A-1 to A-4 of this report.

**Financial Highlights**

- The assets of the City of Athens exceeded its liabilities at June 30, 2015 by \$38,541,466 (net position). Of this amount, \$18,142,391 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- Net position increased by \$2,005,012, an increase of 5.5% compared to fiscal year 2014 total net position. The City of Athens' changes in net position is detailed in the chart on page B-5 of this report. Total revenues increased \$1,061,366, primarily due to an increase in intergovernmental and operating and capital grants. Expenses increased \$565,321 primarily due to general government expenses.
- The City's property tax rate remained at \$1.1328 per hundred dollars of assessment.
- The City's residential sanitation fee increased to \$9.00 per month.
- As of the close of the current fiscal year, the City of Athens' governmental funds reported combined ending fund balances of \$18,156,190.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$7,579,861 or 71.7% of total General Fund expenditures. Expenditures do not include transfers to other funds, which totaled \$3,211,000 in the City's General Fund. The percentage drops to 55% if transfers are included with the total expenditures. This demonstrates the City's fiscal discipline and places the City in a strong financial position to meet unexpected emergencies, uncertainties at the State level or slowdowns in the economy.
- The City implemented Governmental Accounting Standards Board (GASB) Statement 68. This is described in more detail in Note 11 of the financial statements.

**Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction of the City of Athens' basic financial statements. The City of Athens' basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Athens' finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Athens' assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Athens is improving or deteriorating.

**City of Athens, Tennessee**  
**Management's Discussion and Analysis**  
**June 30, 2015**

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Athens that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Athens include general government, public safety, highways and streets, education, economic development, and culture and recreation. The business-type activities of the City of Athens include the Conference Center Fund and the Sanitation Fund.

The government-wide financial statements include not only the City of Athens itself (which is the primary government) and the Athens Board of Education, but also the legally separate entity Athens Utilities Board. However, the Athens Housing Authority, the McMinn County Economic Development Authority, the E. G. Fisher Library, and the Athens Health and Educational Facilities Board are not legal entities of the City of Athens, and, accordingly are excluded from this report.

The government-wide financial statements can be found on pages 4-5 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Athens, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Athens can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Athens maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the General Purpose School Fund, the Capital Improvement

**City of Athens, Tennessee**  
**Management's Discussion and Analysis**  
**June 30, 2015**

Fund, the Debt Service Fund and the Federal Projects Fund, which are considered to be major funds. Data from the other three governmental funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining and individual statements later in this report beginning on page 84.

The City of Athens adopts an annual appropriated budget for its governmental funds. A budgetary comparison statement has been provided for the General Fund, the General Purpose School Fund and the Federal Projects Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 6-9 of this report.

**Proprietary funds.** The City of Athens maintains two different types of proprietary funds: enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Athens uses enterprise funds to account for its Southeast Tennessee Trade and Conference Center operations and sanitation services. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Athens' various functions. The City of Athens uses one internal service fund to account for its fleet of vehicles and another for employee medical benefits. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary funds financial statements provide separate information for the Southeast Tennessee Trade and Conference Center operations and the Sanitation Fund, both of which are considered to be major funds of the City of Athens. The internal service funds are presented in the proprietary fund financial statement. Individual data for each of the internal service funds is provided in the form of combining statements later in this report beginning on page 89.

The basic proprietary fund financial statements can be found on pages 16-18 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Athens' own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Athens Pension Trust Fund is the one fiduciary maintained by the City and is shown on pages 19 and 20 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21-74 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Athens' progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 75-83 of this report.

**City of Athens, Tennessee**  
**Management's Discussion and Analysis**  
**June 30, 2015**

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual nonmajor governmental fund statements and schedules are found on pages 84-88 of this report.

**Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Athens, assets exceeded liabilities by \$38,541,466 at the close of this fiscal year.

The largest portion of the City of Athens net position (47.1%) is unrestricted net position and may be used to meet the government's ongoing obligations to its citizens and creditors. The City has also accumulated funds for capital project needs as approved by Council and debt service. The net investment in capital assets (49.5% of net position) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any debt used to acquire those assets that is still outstanding. The City of Athens uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City of Athens' investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Restricted net position comprises 3.4% of net position. These resources are subject to external restrictions on how they may be used.

At June 30, 2015, the City of Athens is able to report positive balances in all categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities and its component units.

**Governmental activities.** Governmental activities increased the City of Athens' net position by \$1,870,925 which accounts for the majority of the increase in the net position for the City of Athens. This increase is more than the prior year and results from an increase in operating grants for education and passthrough grants.

**Business-type activities.** Business-type activities increased the City of Athens' net position by \$134,087. This increase was due primarily to the operations in the Sanitation Fund.

**City of Athens, Tennessee**

**City of Athens, Tennessee**  
**Management's Discussion and Analysis**  
**June 30, 2015**

**Financial Analysis of the City's Funds**

As noted earlier, the City of Athens' uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City of Athens' governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Athens' financing requirements. The unassigned fund balance may serve as a useful measure of a government's net resources available at the end of the fiscal year for future unforeseen emergencies.

As of the end of the current fiscal year, the City of Athens' governmental funds reported combined ending fund balances of \$18,156,190, a decrease of \$714,216 in comparison to the prior year. Approximately 41.7% of this total amount (\$7,579,861) constitutes unassigned fund balance, which is available for spending at the government's discretion. Pursuant to GASB Statement No. 54, the remainder of fund balance is classified as to: nonspendable -\$283,163; restricted for a specific purpose by external constraint or enabling legislation -\$1,275,093 (law enforcement - \$111,441; basic education - \$777,352; capital projects for Prof Park -\$5,815; cemetery perpetual care - \$159,836; Drug Fund - \$220,463); committed for a specific purpose per action of the City Council - \$2,239,220 (law enforcement - \$20,343; capital projects - \$2,206,394; Drug Fund - \$12,483); or assigned - intended by the City to be used for a specific purpose - \$6,778,853 (education - \$4,036,970; debt service - \$2,465,440; cafeteria operations - \$276,443).

The General Fund is the chief operating fund of the City of Athens. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$7,579,861. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total General Fund expenditures. Unassigned fund balance represents 71.7% of total fund expenditures, but represents 55% when compared to total fund expenditures and transfers to other funds (General Purpose School Fund and Debt Service Fund).

The fund balance of the City of Athens' General Fund decreased by \$368,645 during the current fiscal year. Revenues increased by \$492,934 while expenditures increased by \$966,300 before transfers to other funds. Property taxes, sales taxes and state shared revenues increased over the prior year and expenditures increased due to an additional \$965,000 contribution made to the retirement plan. The transfer to the Athens City Schools decreased \$5,863. The City continued to make the annual transfer of \$790,000 to the Debt Service Fund. Insurance proceeds and sales of capital assets decreased \$4,876.

The fund balance of the General Purpose School Fund increased by \$288,300. Some capital outlay expenditures were less than budgeted as they were delayed to the following year.

The Debt Service Fund has a total fund balance of \$2,465,440. The net decrease was \$1,178,935, due to a \$1,200,000 transfer to the Capital Improvement Fund. The Capital Improvement Fund has a total fund balance of \$2,212,209. The net increase was \$617,457. Capital items consisted of passthrough grants for Athens Utilities Board, recreation projects funded by the State, paving and stream mitigation.

**City of Athens, Tennessee**  
**Management's Discussion and Analysis**  
**June 30, 2015**

**Proprietary funds.** The City of Athens' proprietary funds provide the same type of information in the government-wide financial statements, but with more detail.

Unrestricted net position at the end of the year amounted to \$9,735 for the Conference Center Fund, \$1,725,896 for the Sanitation Fund, \$2,688,927 for the Fleet Management Fund and \$357,469 for the Employee Medical Benefits Fund.

**General Fund Budgetary Highlights**

Differences in the original budget and the final amended budget for revenues were \$41,000 and consisted of increases in recreation revenues and building permits. Differences between the original budget and the final amended budgeted expenditures, including transfers, were \$1,006,000 and are summarized below:

\$965,000 in additional funding for the retirement plan was contributed and was allocated to all departments and divisions, resulting in increased expenditures.

\$41,000 for various increases in expenditures for recreation programs, legal fees, health insurance and liability insurance.

Final actual revenues exceeded amended budgeted revenues by \$448,008 and significant variances are summarized below:

\$54,942 more in current year property taxes.

\$118,824 more in other local taxes primarily because of local sales taxes.

\$273,002 more in intergovernmental revenues due to state sales tax, state income tax, state excise tax, reimbursements from other governments and police grants.

\$49,386 more in charges for services due to building permits.

\$35,735 less in fines and forfeitures.

\$1,297 less in interest.

\$14,122 more in miscellaneous revenues.

Final amended budgeted expenditures exceeded actual expenditures by \$750,213 and are summarized below:

\$118,644 in general government expenditures, related primarily to street lights, finance, personnel and building maintenance expenditures.

\$240,654 in public safety expenditures, primarily due to vacancies in police and fire, related benefits and fuel costs.

**City of Athens, Tennessee**  
**Management's Discussion and Analysis**  
**June 30, 2015**

\$216,219 in highways and streets due to traffic signals and loop repairs, sidewalk repairs delayed, and storm water supplies.

\$153,110 in parks and recreation primarily due to a new sign purchase not being completed by year end and maintenance and program costs.

\$21,586 in health due to part-time salaries and health insurance in animal control.

**Capital Asset and Debt Administration**

**Capital assets.** The City of Athens' investment in capital assets for its governmental and business-type fund activities as of June 30, 2015, was \$21,456,699 (net of accumulated depreciation). This investment in capital assets includes land, buildings, other improvements, equipment, and infrastructure.

Major capital asset events during the current fiscal year included the following:

North Mouse Creek Drainage (\$338,510) and Mouse Creek Trail (\$143,758) projects were completed in the current year.

Vehicles and equipment for all departments added \$629,847.

Renovations to the police department offices added \$50,375.

Miscellaneous equipment for all departments added over \$260,000.

**City of Athens**

Additional information on the City of Athens' capital assets can be found in Note 2 on pages 37-40 of this report.

**City of Athens, Tennessee**  
**Management's Discussion and Analysis**  
**June 30, 2015**

**Long-term debt.** At the end of the current fiscal year, the City of Athens had no bonded debt outstanding. The City has financed school projects through a loan from bond proceeds issued by the Public Building Authority of the City of Clarksville, Tennessee. The balance outstanding for this 2003 note was \$2,380,000. It is backed by the full faith and credit of the City. The Athens Utilities Board has debt outstanding totaling \$26,604,177 to be repaid by user fees and Board funds. In the event of default, the City is required to establish ad valorem taxes to repay the debt. Detailed information on long-term debt activity can be found in Note 3 on pages 41-42 of this report.

State statutes do not limit the amount of general obligation bonded debt a governmental entity may issue.

**Economic Factors and Next Year's Budgets and Rates**

The unemployment rate for the City of Athens is currently 7.1%, which is a decrease from the rate of 8.2% a year ago. Athens' rate is higher than the federal rate and the state rate.

Revenues were expected to increase by approximately 8% due to increases in property and sales tax collections. Management has been conservative in estimating all revenues for 2015-2016 and expenditures increased as well. The property rate increased from \$1.1328 to \$1.477 in order to provide for debt service for school building projects, funds for paving and two additional employees for public works. The City had also been using a portion of its fund balance over the past several years for extra operating funds for Athens City Schools and the property tax increase allowed the City to balance its budget to pay for this. The residential refuse fee increased to \$9.50 per month to provide two part-time employees for the recycle center.

**Requests for Information**

This financial report is designed to provide a general overview of the City of Athens' finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information may be addressed to the City of Athens, Office of the Finance Director, Post Office Box 849, Athens, Tennessee 37371-0849.

The Notes to Financial Statements are an integral part of this statement.

**CITY OF ATHENS, TENNESSEE**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS**  
**BALANCE SHEET TO THE STATEMENT OF NET POSITION**  
**June 30, 2015**

Total fund balances \$ 18,156,190

Amounts for governmental activities in the statement of net position are different because:

Capital assets and related accumulated depreciation are not financial resources or uses and not reported in the funds.

Capital assets	\$ 39,994,453	
Accumulated depreciation	<u>(21,892,573)</u>	18,101,880

Certain property taxes and intergovernmental revenues are not available to pay for current period expenditures and therefore are deferred in the funds.

Property taxes	345,237	
Intergovernmental revenue	<u>78,500</u>	423,737

Net pension asset \$ 203,261

Deferred outflows related to pensions 1,871,889

Net pension liability (2,185,789)

Deferred inflows related to pensions (3,067,115)

Certain liabilities are not considered a use of current financial resources in the funds.

Bonds and notes payable	(2,380,000)	
Compensated absences	(254,160)	
OPEB liability	(381,021)	
Sick leave liability	<u>(84,252)</u>	(3,099,433)

Internal service funds are used by management to charge the cost of internal services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

Cash	2,387	
Investments	3,044,009	
Capital assets	4,791,757	
Accumulated depreciation	<u>(2,524,355)</u>	5,313,798

Net position \$ 35,718,418

**CITY OF ATHENS, TENNESSEE**  
**RECONCILIATION OF THE STATEMENT OF REVENUES,**  
**EXPENDITURES AND CHANGES IN FUND BALANCES OF**  
**GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**Year Ended June 30, 2015**

Net change in fund balances \$ (714,216)

Amounts for governmental activities included in the statement of activities are different because:

Property taxes are recognized as revenue in the period for which they are levied in the statement of activities while funds recognize revenue when collected and available.

Current year levy	\$ 6,057,187	
Fund revenue recognized	<u>(6,009,899)</u>	47,288

Intergovernmental revenues that do not provide current financial resources are not reported as revenue in the funds.

State income tax-full accrual	233,910	
State beer tax-full accrual	6,436	
Collected fund revenue	<u>(214,346)</u>	26,000

Funds report capital outlays as expenditures. Asset cost is capitalized and allocated over the estimated useful lives as depreciation expense in the statement of activities.

Capital asset expenditures in the current period	651,626	
Net book value of capital assets retired	(4,500)	
Less current year depreciation	<u>(1,001,875)</u>	(354,749)

Internal service funds are used by management to charge the cost of internal services to individual funds. The change in net position of the internal service funds is reported with governmental activities.

367,784

Funds report proceeds from the issuance of long-term debt as financing sources and the related liabilities as expenditures when paid, but the proceeds and payments are recorded through a liability in the statement of net position.

Bonds and notes payable payments	747,000	
Net change in compensated absences	4,669	
Net change in OPEB liability	(5,083)	
Net change in sick leave liability	<u>(3,432)</u>	743,154

Pension expense in funds not expensed in government-wide	2,392,999
--	-----------

Pension expense not recognized in funds	<u>(637,335)</u>
---	------------------

Change in net position	<u>\$ 1,870,925</u>
------------------------	---------------------

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies**

The City of Athens, Tennessee (the City) was incorporated on March 25, 1891, by an act of the legislature of the Tennessee General Assembly. The City operates under the Council-Manager form of government as authorized under Chapter 455 of the Private Acts of 1953.

In accordance with GASB Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments," the basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements consist of the Statement of Net Position and the Statement of Activities which are presented on a full accrual basis of accounting. The City's funds are reported as governmental activities or business-type activities. Fund financial statements are presented on a modified accrual basis of accounting for governmental activities and present information by individual major funds. Nonmajor funds are presented in total in one column.

The financial statements of the City have been prepared in accordance with U.S. generally accepted accounting principles as applied to governmental units. The City applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The more significant accounting policies used by the City are described below.

***A. Financial Reporting Entity***

As required by generally accepted accounting principles, these financial statements present the City of Athens, Tennessee (the primary government) and its component units. The discretely presented component unit is presented in a separate column in the government-wide financial statements to emphasize their separate legal status from the primary government. The component units discussed below are included in the City's reporting entity as follows:

**Blended Component Unit:**

Athens City Board of Education

The Athens City Board of Education (Board of Education) is responsible for elementary education within the government's jurisdiction. The Board of Education consists of six publicly elected officials who appoint the Director of Schools. The Board of Education is considered a blended component unit since the City is responsible for approving and issuing debt for the Board of Education and the debt will be repaid with the resources of the City. The financial position and results of operations of the Board of Education are reported in the General Purpose School Fund, Federal Projects Fund, and Centralized Cafeteria Fund as governmental funds. The Athens City Board of Education issues separate financial

Athens City Board of Education (continued)

statements that may be obtained at the Board of Education's administrative office at Athens City Schools, 943 Crestway Drive, Athens, Tennessee 37303.

**Discretely Presented Component Unit:**

Athens Utilities Board

The Athens Utilities Board (Utilities Board) provides power, water, gas and sewer services to residential, commercial and industrial customers located in Athens, Tennessee and surrounding areas. The Utilities Board is governed by a five-member commission appointed by the City Council. The City Council has authority over the Utilities Board and prescribes the rules and regulations with which the Utilities Board must comply. The Utilities Board reports as four separate accounting and reporting entities presenting divisional financial statements on its business-type activities in accordance with enterprise fund accounting requirements. Complete financial statements may be obtained at the Utilities Board's administrative office at Athens Utilities Board, 100 New Englewood Road, Athens, Tennessee 37303.

**Other Related Organizations:**

Athens Housing Authority

The Athens Housing Authority Board consists of five members appointed by the Mayor. The Department of Housing and Urban Development subsidizes Housing Authority operations and sets rates charged for housing. The debts of the Housing Authority are not secured by the City and deficits are not financed by the City.

McMinn County Economic Development Authority

This independent corporation is governed by a twenty-member board, only one of which is a City official. The activities of the Economic Development Authority include industrial recruitment, assistance in expansion of existing industries, and development of industrial parks. The Authority has the power to issue its own debt.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***A. Financial Reporting Entity (continued)***

**Other Related Organizations: (continued)**

E. G. Fisher Public Library

The City of Athens and McMinn County participate in the joint operation of E. G. Fisher Public Library. The McMinn County Library Board is responsible for administering the joint library. This Board consists of seven members, of which four are appointed by the County Commission and three are appointed by the City Council. The Board directs all the internal affairs of the library, and such assistants or employees as may be necessary.

Athens Health and Education Facilities Board

The Athens Health and Education Facilities Board's activities include acquiring, owning, leasing and disposing of property as well as issuing bonds to promote higher education and health in Athens. The City is not liable for the debt of the Health and Education Facilities Board nor does the City finance their deficits. The Board is directed by volunteer Board members appointed by the City.

***B. Basic Financial Statements, Presentation, Basis of Accounting and Measurement Focus***

**Government-wide Financial Statements:**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. As a general rule, the effect of interfund activity has been eliminated from these statements. Activity which represents services provided or used are not eliminated in the government-wide statements. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities rely to a significant extent on fees and charges for services.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. This means that revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***B. Basic Financial Statements, Presentation, Basis of Accounting and Measurement Focus (continued)***

**Government-wide Financial Statements: (continued)**

In applying the "susceptible to accrual" concept to intergovernmental revenues pursuant to GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions" (the City may act as either provider or recipient), the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenues when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met should be reported as advances by the provider and unearned revenue by the recipient. Certain nonexchange transactions where revenues are collected by other governments are not recognized in the statement of activities because they are not measurable at year end. The statement of activities reflects these transactions (bank excise tax and gross receipts tax) on the same basis as the fund financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or activity are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. The City does not allocate indirect expenses to functions or activities in the statement of activities. Program revenues include: (1) charges to individuals who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Taxes and other items not considered program revenues are reported as general revenues. When both restricted and unrestricted resources are available for use, the City's policy is to use restricted resources first.

**Fund Financial Statements:**

Fund financial statements of the reporting entity are organized into funds, each of which are considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows, liabilities, deferred inflows, equity, revenues, and expenditures/expenses.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***B. Basic Financial Statements, Presentation, Basis of Accounting and Measurement Focus (continued)***

**Fund Financial Statements: (continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within sixty days of the end of the current fiscal period.

Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

State and federal funding is recognized as revenue in the period the City is entitled to the resources and the amounts are available. Reimbursements from expenditure-driven programs are recognized as revenue when the qualifying expenditures have been incurred and the amounts are available. For governmental fund financial statements, unearned revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received before the City has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the unearned revenue liability is removed and revenue is recognized.

Proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, similar to the government-wide statements described above. The two internal service funds of the City and the City's two enterprise funds are included in the proprietary fund financial statements. Since the principal users of the internal services are the City's governmental activities, financial statements of the internal service funds are consolidated into the governmental column when presented at the government-wide level. Proprietary funds report activity and transactions as operating if the transaction constitutes activity that is the funds' principal ongoing operations. Activity not pertaining to the funds' ongoing operations is reported as nonoperating.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***B. Basic Financial Statements, Presentation, Basis of Accounting and Measurement Focus  
(continued)***

**Fund Financial Statements: (continued)**

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support City programs. The reporting focus is on net position and changes in net position and employs accounting principles similar to proprietary funds. The City's fiduciary fund is presented in the fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to finance activities or obligations of the government, these funds are not incorporated into the government-wide statements.

**Governmental Funds:**

The measurement focus of governmental funds is based upon determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income determination. These funds are maintained on the modified accrual basis of accounting. The following are the City's governmental fund types:

**General Fund:** The General Fund is the principal fund of the City and is used to account for the financial resources of the City which are not accounted for in other funds. The principal sources of revenues are taxes and state-shared revenue. Primary expenditures are for public safety, education and general administration.

**Special Revenue Funds:** The Special Revenue Funds are used to account for the proceeds of specific revenues which are legally restricted to finance specific functions or activities of the government and which, therefore, cannot be diverted to other uses.

**Drug Fund:** This fund was established expressly to account for financial activities related to drug revenues and expenditures. This includes revenues for drug fines and forfeitures and expenditures for drug enforcement, education and treatment.

**General Purpose School Fund:** This fund is used to account for the financial resources of the Board of Education, which are not accounted for in other Board of Education funds. The primary sources of revenues are taxes and state-shared revenue. Primary expenditures are for regular and special instruction, staff, and maintenance and operation of schools.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***B. Basic Financial Statements, Presentation, Basis of Accounting and Measurement Focus (continued)***

**Fund Financial Statements: (continued)**

**Governmental Funds: (continued)**

Special Revenue Funds: (continued)

Federal Projects Fund: This fund is used to account for federal awards received by Board of Education.

Centralized Cafeteria Fund: This fund is used to account for the Board of Education's food services provided to preschool and school children. A substantial portion of the Centralized Cafeteria Fund's resources are derived from federal and state funding for child nutrition.

Capital Projects Fund: Resources designated for the construction or acquisition of major capital assets are accounted for in this fund. Revenues are derived primarily from capital grants and investment income.

Capital Improvement Fund: This fund is used to account for large capital projects as designated by City Council.

Permanent Fund: The Permanent Fund is used to account for resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support a specific government program.

Cemetery Perpetual Care Fund: This trust fund was established to provide for future maintenance of the City's cemeteries.

Debt Service Fund: This fund accounts for the payment of principal and interest on the City's general obligation long-term debt.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***B. Basic Financial Statements, Presentation, Basis of Accounting and Measurement Focus (continued)***

**Fund Financial Statements: (continued)**

**Proprietary Funds:**

Proprietary funds include the Internal Service Funds and Enterprise Funds. The measurement focus is upon determination of net income, financial position, and changes in financial position. The generally accepted accounting principles used are those applicable to similar businesses in the private sector and, accordingly, these funds are maintained on the accrual basis of accounting. The following are the City's proprietary fund types:

Internal Service Funds: This fund accounts for operations that provide service to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis.

Fleet Management Fund: This fund is used to account for the acquisition and depreciation of motorized vehicles and equipment used by the City.

Employee Medical Benefits Fund: This fund was established to account for the potential health insurance changes required under the Affordable Health Care Act. Funds may be used for premiums paid for fully-insured health care coverage or to provide initial funding for claims paid through a self-insured plan, should the City be required to make plan changes due to the new legislation.

Enterprise Funds: These funds account for the acquisition, operations and maintenance of City facilities and services which are entirely or predominantly self-supporting through user charges.

Conference Center Fund: This fund was established to provide a facility for recreational, cultural and educational activities and to promote regional awareness.

Sanitation Fund: This fund was established expressly to account for financial activities related to the management of solid waste. This includes the collection, transportation and disposal of industrial, commercial and residential refuse.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***B. Basic Financial Statements, Presentation, Basis of Accounting and Measurement Focus (continued)***

**Fund Financial Statements: (continued)**

**Fiduciary Funds:**

Fiduciary funds include trust and agency funds. The following is the City's fiduciary fund type:

Trust Fund: This fund is used to account for assets held by the City in a trustee capacity.

Athens Pension Trust Fund: This fund is used to account for the accumulation of resources for pension benefit payments to qualified City retirees.

Funds are classified as major funds or nonmajor funds within the statements. An emphasis is placed on major funds with all nonmajor funds presented in total in one column on the governmental and proprietary funds financial statements.

The City's major governmental funds are the General Fund, Capital Improvement Fund, Debt Service Fund, General Purpose School Fund, and Federal Projects Fund. The City's major proprietary funds are the Conference Center Fund and Sanitation Fund.

***C. Budgets and Budgetary Accounting***

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The City holds budget hearings in April of each year with all department heads submitting requests. The operating budget includes proposed expenditures and the means of financing them.
2. In early May, the City Manager and/or the Director of Finance makes a formal presentation to the City Council.
3. Prior to July 1, the Council will pass on second reading an ordinance to adopt the budget and set the tax rate.
4. Management may transfer budgeted amounts between line items within a department; however, any revision that alters the total expenditures of any department and/or fund must be approved by the City Council.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***C. Budgets and Budgetary Accounting (continued)***

5. Formal budgets are adopted for the General Fund, the General Purpose School Fund, the Debt Service Fund and the Special Revenue Funds on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts reflected in the accompanying budget and actual comparison are as originally adopted, unless amended by the City Council.
6. All appropriations which are not expensed or encumbered lapse at year end.

***D. Use of Estimates in the Preparation of Financial Statements***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

***E. Cash and Cash Equivalents***

Cash and cash equivalents consist of demand deposits and certificates of deposit with original maturities of 90 days or less. In accordance with governmental accounting standards, certain restricted assets are considered cash equivalents for purposes of the statements of cash flows.

***F. Investments***

Investments are valued at fair value. Legal provisions require that all investments be properly insured or collateralized with a financial depository. State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, equity securities, repurchase agreements, and pooled investment funds.

***G. Inventories***

Inventories consist primarily of supplies and gravesites, valued at weighted average cost, which approximates market. The cost of inventories is recorded as expenditures/expenses when consumed rather than when purchased.

Inventory recorded in the Centralized Cafeteria Fund consists of commodities granted by the United States Department of Agriculture (USDA), nonperishable food and nonfood supplies. All purchased inventory items are recorded at the lower of cost (first-in, first-out method) or market. Commodities are assigned values based on information provided by the USDA.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

**G. Inventories (continued)**

Reported inventories in governmental funds are equally offset by a fund balance reserve, which indicates they are unavailable for appropriation even though they are a component of reported assets.

**H. Capital Assets**

In the government-wide financial statements, capital expenditures are accounted for as capital assets. Capital assets are defined by the City as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of one year. All capital assets are valued at historical cost, except for donated capital assets which are recorded at their estimated fair value at the date of donation. The City charges maintenance and repairs, including the costs of renewals of minor items of property, to maintenance expense accounts.

Capital asset depreciation is provided using the straight-line method over the estimated useful lives as follows:

<u>Assets at the City</u>		<u>Assets at Board of Education</u>	
Vehicles, machinery, and equipment	5-15 years	Furniture and equipment	6-20 years
Furniture and office equipment	5 years	Computer equipment	6 years
Buildings and improvements	15-40 years	Buildings	50 years
Infrastructure	40 years	Infrastructure	20 years

In the fund financial statements, the acquisition of capital assets is accounted for as capital outlay expenditures and depreciation is not reported.

**Component Unit - Athens Utilities Board:**

The Athens Utilities Board uses group depreciation for many of its assets. Under this method, assets are aggregated into pools and depreciated over their estimated useful lives. In group depreciation, depreciation is not accumulated by individual assets; therefore, property subject to depreciation is retired at its average unit cost. In addition, accumulated depreciation of the same amount is retired with no gain or loss recognized on the disposal. Cost of removing retired assets less the salvage value recovered is also charged to accumulated depreciation.

The composite straight-line depreciation rate, expressed as a percentage of average depreciable plant, property and equipment, ranged from 2.50 to 3.00 percent in 2015. The depreciation and amortization in the Utilities Board's statement of revenues, expenses and changes in net position does not include depreciation on certain transportation equipment, which is allocated to other expense classifications based on relative usage.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***I. Debt Issue Costs***

Debt issue costs are accounted for as expenditures in both the governmental fund financial statements and government-wide financial statements when incurred.

***J. Interfund Transactions***

During the normal course of the City's operations, transactions occur between individual funds that are classified as transfers or as receivables/payables in the fund financial statements. These fund transactions are eliminated in the government-wide financial statements within the governmental activities column and the business-type activities column.

***K. Long-Term Debt***

**Bonds and Notes Payable:**

General obligation bonds and the notes payable which have been issued to fund capital projects of the general government and to fund school renovations are to be repaid from tax revenues of the City.

**Compensated Absences:**

Employees of the City are granted vacation and sick leave in varying amounts based on years of service. Sick leave is not vested and employees who resign or are dismissed from employment will lose any accrued sick leave benefits.

Vacation leave is vested and employees who resign or are dismissed from employment are compensated for unused vacation upon termination. Employees of the City may accrue vacation leave to a maximum of the leave earned in a one and one-half year period.

Accordingly, the City has accrued a liability for vacation leave which has been earned but not taken by City employees.

**Vacation Pay and Sick Leave:**

Board of Education employees are paid for vacation and absence due to sickness by prescribed formulas based on length of service with all unused vacation days expiring annually. Vacation and sick leave for employees are recorded as expenditures in the period used and considered payable from current financial resources.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***K. Long-Term Debt (continued)***

**Vacation Pay and Sick Leave (continued):**

Upon retirement, the Board will pay monetary compensation for unused sick days as follows:

- \$12 per day
  - Professional personnel with 5 full years with Athens City Schools and a total of 25 years of teaching or administrative service.
  - Support staff with 25 years of service with Athens City Schools.
- \$24 per day
  - Professional personnel with 5 full years with Athens City Schools and a total of 30 years of teaching or administrative service.
  - Support staff with 30 years of service with Athens City Schools.

An estimated liability for this unpaid sick leave is recorded in the government-wide financial statements.

The accounting treatment of long-term debt differs between the government-wide and governmental fund financial statements. All long-term debt to be repaid from governmental resources is reported as a liability in the government-wide statements. The fund financial statements for governmental funds report long-term debt principal and interest payments as expenditures and do not reflect a liability.

***L. Net Position and Fund Balances***

Net position in the government-wide financial statements are classified in three components:

- a. Net investment in capital assets – Consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any related debt that is attributable to the acquisition, construction, or improvement of those assets. If there are unspent debt proceeds, these proceeds are not included in the calculation of net investment in capital assets.
- b. Restricted net position – Consists of assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – Consists of all other assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***L. Net Position and Fund Balances (continued)***

GASB No. 54 establishes standards for fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported.

Fund balance in the fund financial statements is reported in five classifications of fund balances based on the constraints imposed on the use of these resources.

Nonspendable fund balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form such as prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned and unassigned.

Restricted fund balance – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolution of the City. Those committed amounts cannot be used for any other purpose unless the City removes the specified use by taking the same type of formal action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance – Assigned fund balance includes amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by formal action (approval of resolution) of the City Council.

Unassigned fund balance – This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other funds.

When an expenditure is incurred for purposes of which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City Council has approved otherwise in its commitment or assignment actions.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***M. Property Taxes***

In the government-wide financial statements, property tax revenues are recognized as revenue in the fiscal year for which the taxes are levied. Property taxes are based on the assessed value of property as of January 1. Property taxes attach as an enforceable lien on the assessment date and are therefore recognized on this date. In October, property taxes are due and are considered delinquent if not paid before the first day of March. Amounts owed to the City as of year end, which are not available, are recorded as receivables and unearned revenue in the fund financial statements.

The City's property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and personal property located in the City. City property tax revenues are recognized when levied to the extent that they result in current receivables. Taxes not collected as of March 1 of the following year are considered delinquent and are subject to lien on March 1 of the succeeding year.

Assessed values are established by the State of Tennessee at the following rates of assumed market value:

Public Utility Property	55%	(Railroads 40%)
Industrial and Commercial Property:		
Real	40	
Personal	30	
Residential Property	25	

The assessed value for the list of January 1, 2014, was \$382,865,281 based upon a reappraisal completed for the list as of January 1, 2014. The estimated actual value was \$1,204,540,874 making the total assessed value 31.79 percent of the total actual value.

Taxes were levied at a rate of \$1.1328 per \$100 of assessed value. Current tax collections of \$4,207,109 for the fiscal year ended June 30, 2015, were 95 percent of the 2014 tax levy. An allowance has been established for delinquent taxes to the extent that their collectability is improbable. The allowance at June 30, 2015, for the 2014 tax levy was \$87,000.

The 2015 taxes were levied at a rate of \$1.4770 per \$100 of assessed value and have been recorded as a receivable at June 30, 2015. An allowance for doubtful collection of \$50,000 has been estimated and established for this levy at June 30, 2015. There are no current tax collections related to the 2015 levy.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 1. Summary of Significant Accounting Policies (continued)**

***N. Allowances for Doubtful Property Taxes***

The following allowances have been established for uncollectible property taxes at June 30, 2015:

General Fund	\$ 137,001
General Purpose School Fund	118,398

***O. Employee Retirement Plans***

**Employee Retirement Plan.** Investments are reported at fair value. Asset statements are provided by Branch Banking and Trust Company.

**Public Employee Retirement Plan.** For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of Athens City Board of Education's participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Athens City Board of Education's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan. Investments are reported at fair value.

**Teachers Legacy Plan.** For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Legacy Pension Plan. Investments are reported at fair value.

**Teacher Retirement Plan.** For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Teacher Retirement Plan in the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan. Investments are reported at fair value.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 3. Long-Term Debt**

All long-term debt of the primary government is related to governmental activities. Primary government long-term debt activity for the year is as follows:

	Balance 6/30/14	Additions	Reductions	Balance 6/30/15	Due within one year
<b>City of Athens:</b>					
Note payable to the Public Building Authority of the City of Clarksville, Tennessee, Pooled Loan Program, Series 2003; adjustable rate pooled financing; principal due annually beginning May 2007, interest due monthly, at month end	\$3,127,000	\$ -	\$ 747,000	\$ 2,380,000	\$ 770,000
Compensated absences	<u>258,829</u>	<u>211,307</u>	<u>215,976</u>	<u>254,160</u>	<u>169,448</u>
	<u>3,385,829</u>	<u>211,307</u>	<u>962,976</u>	<u>2,634,160</u>	<u>939,448</u>
<b>Board of Education:</b>					
OPEB	375,938	5,083	-	381,021	33,761
Sick leave	<u>80,820</u>	<u>3,432</u>	<u>-</u>	<u>84,252</u>	<u>14,099</u>
	<u>456,758</u>	<u>8,515</u>	<u>-</u>	<u>465,273</u>	<u>47,860</u>
Total	<u>\$3,842,587</u>	<u>\$ 219,822</u>	<u>\$ 962,976</u>	<u>\$3,099,433</u>	<u>\$ 987,308</u>

The liability for compensated absences is typically liquidated in the General Fund.

The OPEB and sick leave liabilities are typically liquidated in the General Purpose School Fund.

The Series 2003 note payable carries an adjustable interest rate that is determined based on the market rate of tax exempt variable interest. The rate is adjusted weekly and was 0.28 percent at June 30, 2015.

The debt service requirements for the notes payable are as follows:

June 30	Principal	Interest	Total
2016	\$ 770,000	\$ 6,673	\$ 776,673
2017	793,000	4,514	797,514
2018	<u>817,000</u>	<u>2,290</u>	<u>819,290</u>
Total	<u>\$ 2,380,000</u>	<u>\$ 13,477</u>	<u>\$ 2,393,477</u>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 3. Long-Term Debt (continued)**

Component unit long-term debt activity for the year is as follows:

**Utilities Board:**

	Balance 6/30/14	Additions	Payments	Balance 6/30/15	Due within one year
Revenue and tax bonds	\$ 1,973,686	\$ -	\$ 335,912	\$ 1,637,774	\$ 355,242
Notes payable	25,648,513	672,941	882,508	25,438,946	995,755
TVA advances	8,637	-	7,329	1,308	1,308
Total	<u>\$ 27,630,836</u>	<u>\$ 672,941</u>	<u>\$ 1,225,749</u>	<u>\$ 27,078,028</u>	<u>\$ 1,352,305</u>

The Power Division and the Department of Sewer have revenue bonds that are payable from and are secured by a first pledge of the revenues derived from the operation of the respective systems. The revenue bonds and certain Water Division notes payable are collateralized by a statutory lien on the respective systems.

The principal and interest payments on all long-term debt were current as of June 30, 2015.

The Athens Utilities Board has debt issues with outstanding balances totaling \$26,604,177, representing debt issued by the City where the Utilities Board has assumed all responsibility through resolution. This long-term debt is reported in the Athens Utilities Board financial statements. The debt service is to be paid through user fees and Utilities Board funds. If Utilities Board funds are not sufficient to service the debt, the City is required to establish ad valorem taxes under each debt issue.

Aggregate maturities or payments required on principal under long-term debt obligations are as follows:

June 30	Principal	Interest	Total
2016	\$ 1,350,997	\$ 213,829	\$ 1,564,826
2017	1,034,869	195,587	1,230,456
2018	944,953	187,447	1,132,400
2019	1,517,636	179,523	1,697,159
2020	1,526,762	170,026	1,696,788
2021-2025	7,787,996	701,070	8,489,066
2026-2030	8,072,360	433,989	8,506,349
2031-2035	3,864,108	182,821	4,046,929

2041-2045	274,513	50,447	324,960
2046-2048	166,563	7,546	174,109
	<u>\$ 27,076,720</u>	<u>\$ 2,415,214</u>	<u>\$ 29,491,934</u>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 4. Cash Deposits and Investments**

**Cash Deposits:**

**Primary government**

**City of Athens:**

State statutes require that all deposits with financial institutions must be collateralized in an amount equal to 105 percent of the face amount of uninsured deposits. Under these statutes, the deposits must be either covered by state or federal depository insurance, by collateral held by the City's agent in the City's name or by the Federal Reserve Banks acting as third-party agents. At June 30, 2015, all the City's deposits were insured or collateralized.

**Board of Education:**

At June 30, 2015, all cash deposits of the Board were insured or collateralized in accordance with state statutes.

**Component unit**

At June 30, 2015, all cash deposits of the Athens Utilities Board were covered by state or federal depository insurance or collateralized with securities held by the Board's agents in the Board's name.

**Investments:**

**Primary government**

The City's investment policy states that investments shall only be made in debt instruments of commercial banks or other investment institutions or other obligors having a Standard and Poor's (A) and Moody's (P) short-term credit rating of at least an A1 P1. For instruments not rated, deposits must be insured by the maximum authorized under the Federal Deposit Insurance Corporation or be covered by an institution that is a participant in the State of Tennessee's Bank Collateral Pool. Investments are carried at fair value, as determined by quoted market prices. It is the City's policy, generally, to hold investments until maturity. Investments will have an average maturity of less than one year and shall not exceed two years.

State statutes authorize the City to invest in obligations of the U.S. Treasury, its agents and instrumentalities, repurchase agreements, interest earning money market accounts, certificates of deposit, obligations of the state or any agency of the state, and the State of Tennessee Local Government Investment Pool (LGIP).

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 4. Cash Deposits and Investments (continued)**

**Investments: (continued)**

**Primary government (continued)**

As of June 30, 2015, the City had \$15,850,746 invested in the LGIP, which represents all of the City's investments excluding those included in the Cemetery Perpetual Care Fund and the Athens Pension Trust Fund. The LGIP was not rated as of June 30, 2015. At June 30, 2015, the investments of the LGIP had a weighted average maturity of 108 days. The fair value of the position of the LGIP is the same as the value of the pool shares. Regulatory oversight for the LGIP is provided by the State legislature, the State Comptroller and the State Funding Board.

**Cemetery Perpetual Fund:**

The Cemetery Perpetual Care Fund's investments are determined by Branch Banking and Trust, the Trustee. The Trustee is authorized to invest in all legal and prudent investments.

As of June 30, 2015, the Cemetery Perpetual Care Fund's investments consisted of the following:

	<u>Fair Value</u>
Money market funds	\$ 55
Mutual funds	<u>207,064</u>
	<u>\$ 207,119</u>

There is not a formal policy to limit the credit risk exposure on these investments.

**Athens Pension Trust Fund:**

As of June 30, 2015, the Pension Trust Fund's investments consisted of the following:

	<u>Weighted Average Maturity</u>	<u>Fair Value</u>
U.S. government and agency securities	3.61 years	\$ 839,147
Foreign stocks	N/A	3,304,443
Foreign bonds and notes	4.94 years	136,940
Corporate bonds	3.97 years	1,141,312
Common stocks	N/A	2,548,342
Mutual funds	N/A	4,811,391
Money market funds	N/A	236,869
Municipal bonds	5.59 years	<u>355,786</u>
		<u>\$ 13,374,230</u>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 4. Cash Deposits and Investments (continued)**

**Athens Pension Trust Fund: (continued)**

The Athens Pension Trust Fund is authorized to invest in stocks and corporate bonds rated investment grade or above by Moody's Investor Services. The Retirement Committee's investment policy is to achieve a 40/60 government and corporate bonds/equities ratio. U.S. government and agency securities carry the explicit guarantee of the U.S. government. The City does not have any additional formal policy to limit its credit risk exposure.

The City does not have a formal policy to limit its exposure to fair value losses arising from rising interest rates.

**Note 5. Interfund Transactions**

**Interfund Balances:**

At June 30, 2015, the General Purpose School Fund had interfund receivables that consist of \$251,837 due from the Federal Projects Fund and \$315,400 due from the General Fund.

**Interfund Transfers:**

Interfund transfers during the year consisted of the General Fund transferring \$2,421,000 to the Board of Education General Purpose Fund and \$790,000 to the Debt Service Fund and the Debt Service Fund transferring \$1,200,000 to the Capital Projects Fund. Interfund transactions were for the purpose of funding annual appropriations, debt service requirements and capital outlay. Interfund activity is netted in the government-wide statements within the governmental activities column.

**Note 6. Component Unit Transactions**

**Utilities Board:**

Generally, all transactions with the Utilities Board are as a result of services being provided. The Utilities Board provides utilities to the City. In addition, the Utilities Board bills and collects residential sanitation services for the City. At June 30, 2015, the Utilities Board has a due from the primary government of \$56,261 and a due to the primary government of \$98,546.

**CITY OF ATHENS, TENNESSEE**

**Note 8. Employee Retirement Plans**

**Primary Government (excluding employees of the Board of Education):**

***Employee Retirement Plan:***

***Plan Description***

***Plan Administration:*** The City of Athens, Tennessee Pension Plan is a single employer defined benefit pension plan that provides pensions to all eligible employees hired by the City prior to July 1, 2010. The City Council has the authority under the Plan to establish contribution rates, change benefit terms, or amend the Plan. A three-member committee is charged with the general administration of the Plan and carrying out the provisions of the Plan. The Committee works in conjunction with the Plan's Trustee, Branch Banking and Trust Company (BB&T). The Committee consists of the Mayor, the City Manager, and a private city resident appointed by the City Council.

***Plan Membership:***

	<u>January 1, 2015</u>
Inactive Plan participants or beneficiaries currently receiving benefits	53
Inactive Plan participants entitled to deferred benefits	31
Active vested Plan participants	71
Active non-vested Plan participants	<u>5</u>
Total	<u>160</u>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

The Plan does not issue a stand-alone financial report. The Plan is frozen and no new participants may enter if not hired by June 30, 2010. Individuals hired after June 30, 2010, are eligible to participate in the City of Athens 401(a) Retirement Plan, discussed later, after the probationary period.

**Plan Provisions:** Plan provisions in effect at June 30, 2015.

Eligibility and Benefits

Requirements

Minimum months of service: 12

Entry Dates

Day requirements are met. *The plan is frozen to anyone not hired by 6/30/10.*

Normal Retirement Date (NRD)

First day of the month coinciding with or next following attainment of age 65 and 5 years of continuous service.

Normal Retirement Benefit

Benefit Formula

The annual normal retirement benefit, based on service to normal retirement date, is equal to the sum of (a) and (b) below

- a) 30% of average compensation, reduced by 1/10 for each year of continuous service less than 10 (reduced by 1/20 for each year of continuous service less than 20 for employees hired after 6/30/1999, plus
- b) One percent of average compensation in excess of the average covered wage, given by the table below, for each year of service up to 35 years.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

<u>Participant's Year of Birth</u>	<u>Average Covered Wage</u>	<u>Participant's Year of Birth</u>	<u>Average Covered Wage</u>
Before 1910	\$ 6,000	1926-1930	\$ 10,800
1910-1911	6,600	1931-1932	11,400
1912-1913	7,200	1933-1934	12,000
1914-1915	8,400	1935-1936	12,600
1916-1917	9,000	1937-1940	13,200
1918-1921	9,600	1941-1944	13,800
1922-1925	10,200	1945 and later	14,100

The minimum annual benefit is greater of (1) \$42 per year of service not to exceed 35 years, (2) the accrued benefit under the formula as of June 30, 1976, or (3) the accrued benefit under the formula as of June 30, 1998.

Average Compensation

Average annual compensation, including overtime and bonuses, paid during the highest five consecutive calendar years of a participant's continuous service (from January 1, 1975, on) or during all continuous service if less than five years.

Continuous Service

A participant's employment with the employer from the date he most recently entered such service until the date such service ends due to a participant's retirement, death, or other termination of service.

Benefit Accrual Service

All continuous service while an employee completed as whole years and 1/12th fraction for each completed month of continuous service.

Normal Form of Benefit

Single life annuity.

Accrued Benefit

Normal retirement benefit assuming service to NRD multiplied by the number of years of credited service at termination divided by credited service projected to NRD.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

<u>Early Retirement Benefit</u>	<p>Minimum Age: 55</p> <p>Minimum Service: 15 Years</p> <p>Benefit Amount. Accrued benefit, reduced by 1/15 for each of the first five years and 1/30 for each of the next five years by which early retirement precedes normal retirement. Participants age 62 with 15 years of service or age 55 with 25 years of service are eligible for an unreduced benefit.</p>
<u>Delayed Retirement</u>	<p>Upon the death of a participant after his NRD but before his actual retirement date, it will be presumed he had retired at his NRD and elected a benefit for 120 months certain and life thereafter payable.</p>
<u>Pre-Retirement Death Benefit</u>	<p><u>Effective January 1, 2009:</u></p> <p>Minimum Age: 45</p> <p>Minimum Service: 10 Years</p> <p><u>Prior to January 1, 2009:</u></p> <p>Minimum Age: 55</p> <p>Minimum Service: 15 Years</p> <p>It will be assumed that an eligible participant who dies before his NRD, had retired on the day prior to death and elected a 50% prior to January 1, 2009, Joint &amp; Survivor annuity.</p>
<u>Disability Benefit</u>	<p>A totally and permanently disabled participant with 10 years of continuous service may retire and receive his accrued benefit on the day of disability, reduced 1/15 for each of the first 5 and 1/30 for each of the next 5 years by which disability precedes NRD and actuarially reduce for each additional year.</p>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

<u>Vested Termination Benefit</u>	Upon termination after 5 or more years of service, a participant shall be 100% vested in his accrued benefit.
-----------------------------------	---

<u>Vesting Service</u>	All continuous service with the employer. If an employee who is a participant terminates employment and is re-employed by the employer after June 30, 2010, the employee's vesting service completed after June 30, 2010, may count for vesting purposes, subject to the Plan's break in service rules.
------------------------	---

***Contribution Required***

The City Council established contributions based on an actuarially determined contribution calculated by an independent actuary. The actuarially determined contribution is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the actuarially determined rate.

Actuarially determined contributions to the Plan are determined each year as part of the actuarial valuation process. These contributions are determined according to the following contribution policy:

Actuarial Cost Method:	Individual entry age normal, level percentage of pay
Asset Valuation Method:	Market value of plan assets adjusted to phase in asset gains and losses over a five-year period at a rate of 20% per year. Valuation assets are further limited to a 20% corridor around market value.
Amortization Method:	The amortization policy shall be that the Plan's normal cost plus a 30-year amortization of the unfunded liability as of January 1, 2015. The amortization period for experience gains and losses shall be 10 years from the date of the actuarial valuation.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

**Investments**

**Investment Policy:** The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the City of Athens by a majority vote of its members. It is the policy of the City to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The Plan Trustee, Branch Banking and Trust Company, is responsible for implementing the investment policy. The following was the Board's adopted asset allocation as of June 30, 2015:

<u>Asset Class</u>	<u>Target Allocation</u>
Domestic equity	44.0%
International equity	14.0
Fixed income	30.0
Diversifying assets	7.0
Real estate	3.0
Cash	<u>2.0</u>
Total	<u>100.0%</u>

**Rate of return:** For the year ended June 30, 2015, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 1.57% percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Net Pension Liability of the City**

The components of the net pension liability at June 30, 2015, was as follows:

	<u>2015</u>
Total pension liability	\$ 15,669,311
Plan fiduciary net position	<u>13,401,576</u>
City net pension liability	<u>\$ 2,267,735</u>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

Plan fiduciary net position as a percentage of the total pension liability	85.53%
Covered-employee payroll	\$ 3,406,196
Net pension liability as a percentage of covered-employee payroll	66.58%

The Plan's fiduciary net position is reported in the Pension Trust Fund as of June 30, 2015. The City's net pension liability is reported in the government-wide activities and enterprise funds as of the measurement date of June 30, 2015.

***Actuarial Assumptions for Calculation of the Net Pension Liability***

Measurement Date -- June 30, 2015

Valuation Date -- January 1, 2015

Mortality -- Pre-Retirement: 2014 IRS Combined Static Mortality Table

Post-Retirement: Tennessee Consolidated Retirement System Mortality Table

Discount Rate -- 7.00% per annum

Inflation -- 2.00% per annum

Salary Projection -- 3.00% per annum

Cost of Living Increase -- N/A

Retirement age -- Terminated Vested participants are assumed to retire at Age 65. Active participants are assumed to retire at the following rates:

<u>Age</u>	<u>Rate</u>
55-61	5.0%
62	75.0
63-64	50.0
65	100.0

Withdrawal rates -- Crocker, Sarason, and Straight, Table T-7

Disability rates -- None

**CITY OF ATHENS, TENNESSEE**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

***Long-Term Expected Rate of Return on Pension Plan Investments***

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2015, (see the discussion of the pension plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	7.55%
International equity	8.05
Municipal bonds	2.80
Taxable bonds	3.45
International bonds	1.70
Diversifying assets	6.50
Real estate	6.20

***Discount rate***

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumes that plan member contributions will be made at the current contribution rate and the City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

The discount rate is the single rate that reflects (1) the long-term expected rate of return on Plan investments that are expected to be used to finance the payment of benefits, to the extent that the Plan's fiduciary net position is projected to be sufficient to make projected benefit payments and Plan assets are expected to be invested using a strategy to achieve that return, and (2) a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another scale), to the extent that the conditions for use of the long-term expected rate of return are not met.

The projected cash flows are used to project the Plan's fiduciary net position at the beginning of each period. The Plan's projected fiduciary net position at the beginning of each period is compared to the amount of benefit payments projected to occur in that period. It is assumed that the Plan's fiduciary net position is expected to always be invested using a strategy to achieve the long-term expected rate of return on Plan investments. The benefit payments that are projected to occur in a period are discounted using the long-term expected rate of return on Plan investments if the amount of the Plan's beginning fiduciary net position is projected to be sufficient to make the benefit payments in that period. In periods in which the benefit payments are projected to be greater than the amount of the Plan's fiduciary net position, they are discounted using a municipal bond rate as described in the paragraph above.

***Sensitivity of the Net Pension Liability to Changes in the Discount Rate***

	<u>1% Decrease</u> <u>(6.00%)</u>	<u>Current Discount</u> <u>Rate (7.00%)</u>	<u>1% Increase</u> <u>(8.00%)</u>
City of Athens' Net Pension Liability – June 30, 2015	\$ 4,013,425	\$ 2,267,735	\$ 780,197

***Additional Defined Benefit Plan disclosures for the City of Athens***

The Defined Benefit Plan disclosures represent required disclosures for plans under GASB No. 67 "Financial Reporting for Pension Plans". Certain of these disclosures also pertain to the employer. GASB No. 68 "Accounting and Financial Reporting for Pensions" requires additional employer disclosures not covered elsewhere as follows:

Additional City disclosures are made as of the measurement date, June 30, 2015, elected by the City under GASB No. 68.

**Primary Government (excluding employees of the Board of Education) (continued):**

**Employee Retirement Plan (continued)**

For the measurement period ended June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 33,634	\$ -
Changes of assumptions	203,086	-
Net difference between projected and actual earnings on pension plan investments	<u>605,034</u>	<u>-</u>
Total	<u>\$ 841,754</u>	<u>\$ -</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2016	\$(237,969)
2017	(237,969)
2018	(214,556)
2019	(151,260)

***Defined Contribution Plan:***

***Plan description*** – 401(a) Retirement Plan

The City of Athens established a Money Purchase Plan and Trust, The City of Athens 401(a) Retirement Plan on July 1, 2010. Full-time employees hired on or after July 1, 2010, are eligible to participate on the first day of the month after 60 days of employment. Participants are required to make a pretax contribution of 3% of their regular earnings, which is matched by the City. Participants may make an additional after tax contribution of up to 4% of their regular earnings, which the City also matches. The after tax contribution percentage can be adjusted annually by the City. Participants' interest in the contributions of the City vest at 100% upon 5 years of completed service. The Plan is established with ICMA Retirement Corporation as the Plan administrator. The City made Plan contributions of \$29,954 during 2015.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees):**

**Public Employee Retirement Plan**

**Plan description.** Certain non-teacher employees of Athens City Board of Education are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at [www.treasury.tn.gov/tcrs](http://www.treasury.tn.gov/tcrs).

**Benefits provided.** Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2<sup>nd</sup> of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

**Employees covered by benefit terms.** At the measurement date of June 30, 2014, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	53
Inactive employees entitled to but not yet receiving benefits	80
Active employees	<u>87</u>
	<u>220</u>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Public Employee Retirement Plan (continued)**

**Contributions.** Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5 percent of salary. Athens City Board of Education makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2015, employer contributions for Athens City Board of Education were \$161,533 based on a rate of 8.31 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Athens City Board of Education's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contribution (ADC) and member contributions are expected to finance the cost of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Net Pension Liability (Asset)**

Athens City Board of Education's net pension liability (asset) was measured as of June 30, 2014, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

**Actuarial assumptions.** The total pension liability as of June 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation
Cost-of-living adjustment	2.5 percent

Mortality rates were based on actual experience from the June 30, 2012, actuarial experience study adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2014, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008, through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Public Employee Retirement Plan (continued)**

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012, actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and realized in the third technique. The capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.46%	33%
Developed market international equity	6.26	17
Emerging market international equity	6.40	5
Private equity and strategic lending	4.61	8
U.S. fixed income	0.98	29
Real estate	4.73	7
Short-term securities	0.00	1
		<u>100%</u>

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

**Discount rate.** The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Athens City Board of Education will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

*Pension expense.* For the year ended June 30, 2015, Athens City Board of Education recognized pension expense of \$1,410.

*Deferred outflows of resources and deferred inflows of resources.* For the year ended June 30, 2015, Athens City Board of Education reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 136,114
Net difference between projected and actual earnings on pension plan investments	-	401,874
Contributions subsequent to the measurement date of June 30, 2014	<u>161,533</u>	<u>-</u>
Total	<u>\$ 161,533</u>	<u>\$ 537,988</u>

The amount shown above for "Contributions subsequent to the measurement date of June 30, 2014," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2016	\$ (134,497)
2017	(134,497)
2018	(134,497)
2019	(134,497)

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Teacher Legacy Pension Plan**

**Plan description.** Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014, of Athens City Board of Education are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by Local Education Agencies (LEAs) after June 30, 2014. The Teachers Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at [www.treasury.tn.gov/tcrs](http://www.treasury.tn.gov/tcrs).

**Benefits provided.** Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 55 and vested. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2<sup>nd</sup> of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Teacher Legacy Pension Plan (continued)**

**Contributions.** Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Athens City Board of Education for the year ended June 30, 2015 to the Teacher Legacy Pension Plan were \$650,151 which is 9.04 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the cost of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Pension Liabilities (Assets), Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

**Pension asset.** At June 30, 2015, the Athens City Board of Education reported an asset of \$30,696 for its proportionate share of net pension asset. The net pension asset was measured as of June 30, 2014, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. Athens City Board of Education's proportion of the net pension liability was based on Athens City Board of Education's employer contributions to the pension plan during the year ended June 30, 2014, relative to the contributions of all LEAs for the year ended June 30, 2014. At the June 30, 2014, measurement date, Athens City Board of Education's proportion was 0.188902 percent. The proportion measured as of June 30, 2013, was 0.178560 percent.

**Pension income.** For the year ended June 30, 2015, Athens City Board of Education recognized a pension income of \$2,013.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Teacher Legacy Pension Plan (continued)**

*Deferred outflows of resources and deferred inflows of resources.* For the year ended June 30, 2015, Athens City Board of Education reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 74,522	\$ -
Net difference between projected and actual earnings on pension plan investments	-	2,529,127
Changes in proportion of net pension liability (asset)	145,151	-
LEA's contributions subsequent to the measurement date of June 30, 2014	<u>650,151</u>	<u>-</u>
Total	<u>\$ 869,824</u>	<u>\$ 2,529,127</u>

Athens City Board of Education employer contributions of \$650,151, reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as an increase in net pension asset in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:

2016	\$ (595,549)
2017	(595,549)
2018	(595,549)
2019	(595,549)
2020	36,732
Thereafter	36,010

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Teacher Legacy Pension Plan (continued)**

***Actuarial assumptions.*** The total pension liability in the June 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation
Cost of living adjustment	2.5 percent

Mortality rates are customized based on the June 30, 2012, actuarial experience study and included some adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2014, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008, through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012, actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Teacher Legacy Pension Plan (continued)**

technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by target asset allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.46%	33%
Developed market international equity	6.26	17
Emerging market international equity	6.40	5
Private equity and strategic lending	4.61	8
U.S. fixed income	0.98	29
Real estate	4.73	7
Short-term securities	0.00	1
		<u>100%</u>

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees at 7.5 percent based on a blending of the three factors described above.

**Discount rate.** The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Teacher Legacy Pension Plan (continued)**

***Sensitivity of the proportionate share of net pension liability (asset) to changes in the discount rate.*** The following presents Athens City Board of Education's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what Athens City Board of Education's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.5) or 1 percentage point higher (8.5) than the current rate:

	1% Decrease <u>(6.5%)</u>	Current Discount Rate <u>(7.5%)</u>	1% Increase <u>(8.5%)</u>
Athens City Board of Education's proportionate share of the net pension liability (asset)	\$ 5,177,170	\$ (30,696)	\$(4,342,244)

***Pension plan fiduciary net position.*** Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

**Teacher Retirement Plan**

***Plan description.*** Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014, of Athens City Board of Education are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at [www.treasury.tn.gov/tcrs](http://www.treasury.tn.gov/tcrs).

***Benefits provided.*** Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Retirement Plan are eligible to retire at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Members are entitled to receive unreduced service retirement benefits, which are determined by a formula using the member's

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Teacher Retirement Plan (continued)**

highest five consecutive year average compensation and the member's years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2<sup>nd</sup> of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLA, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

**Contributions.** Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except for in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2015, to the Teacher Retirement Plan were \$28,190 which is 4 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the cost of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Pension Liabilities (Assets), Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

**Pension liabilities.** Since the measurement date is June 30, 2014, which is prior to the July 1, 2014, inception of the Teacher Retirement Plan, there is not a net pension liability to report at June 30, 2015.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 8. Employee Retirement Plans (continued)**

**Primary Government (Board of Education employees) (continued)**

**Teacher Retirement Plan (continued)**

*Pension expense.* Since the measurement date is June 30, 2014, Athens City Board of Education did not recognize a pension expense at June 30, 2015.

*Deferred outflows of resources and deferred inflows of resources.* For the year ended June 30, 2015, Athens City Board of Education reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Athens City Board of Education's contributions subsequent to the measurement date of June 30, 2014	\$ 28,190	\$ -

Athens City Board of Education's employer contributions of \$28,190 reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as a reduction in net pension liability in the year ended June 30, 2016.

**Defined Contribution Plan**

As a component of the Teacher Retirement Plan, a defined contribution plan has been established for all teachers hired on or after July 1, 2014. Athens City Board of Education is required to contribute 5% of salaries, while participants may contribute up to 2% of salary. Participants are immediately vested. The Plan is established with Great-West Financial as Plan Administrators. The Board contributed \$36,046 to the Plan in 2015.

**Component Unit**

**Utilities Board:**

**Plan descriptions**

The Utilities Board has a single-employer, noncontributory defined benefit pension plan covering substantially all employees in all divisions. This plan is frozen and no new participants may enter if not employed by June 30, 2010. Individuals hired after June 30, 2010, are eligible to participate in the AUB Defined Contribution Plan.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 9. Postemployment Healthcare Plan**

***Plan Description:***

The Athens City Board of Education participates in the state-administered Teacher Group Insurance Plan for healthcare benefits. For accounting purposes, the plan is an agent multiple-employer defined benefit OPEB plan. Benefits are established and amended by an insurance committee created by Tennessee Code Annotated (TCA) 8-27-302. Prior to reaching the age of 65, all members have the option of choosing a preferred provider organization (PPO), point of service (POS), or health maintenance organization (HMO) plan for healthcare benefits. Subsequent to age 65, members who are also in the state's retirement system may participate in a state-administered Medicare Supplement Plan that does not include pharmacy. The plans are reported in the State of Tennessee Comprehensive Annual Financial Report (CAFR). The CAFR is available on the state's website at <http://tennessee.gov/finance/article/fa-accfin-cafr>.

***Funding policy:***

The premium requirements of plan members are established and may be amended by the insurance committee. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in each plan develop their own contribution policy in terms of subsidizing active employees or retired employees' premiums since the committee is not prescriptive on that issue. The state provides a partial subsidy to Local Education Agency pre-65 teachers and a full subsidy based on years of service for post-65 teachers in the Medicare Supplement Plan. See Note 10 for additional details regarding on-behalf payments. The Board's required contribution for 2015 was \$141,000. The Board contributed \$136,305 in 2015.

***Annual OPEB cost and net OPEB obligation:***

	<u>Teacher Group Plan</u>
Annual Required Contribution (ARC)	\$ 141,000
Interest on the Net OPEB Obligation (NOO)	15,038
Adjustment to the ARC	<u>(14,650)</u>
Annual OPEB cost	141,388
Amount of contribution	<u>(136,305)</u>
Increase in NOO	5,083
Net OPEB obligation, beginning of year	<u>375,938</u>
Net OPEB obligation, end of year	<u>\$ 381,021</u>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 9. Postemployment Healthcare Plan (continued)**

***Annual OPEB cost and net OPEB obligation: (continued)***

<u>Year End</u>	<u>Plan</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation at Year End</u>
6/30/13	Teacher Group	246,520	71.9	\$ 264,595
6/30/14	Teacher Group	278,273	60.0	375,938
6/30/15	Teacher Group	141,388	96.4	381,021

***Funded status and funding progress:***

The funded status of the plan as of July 1, 2013, was as follows:

	<u>Teacher Group Plan</u>
Actuarial valuation date	7/01/13
Actuarial accrued liability (AAL)	\$ <u>206,073</u>
Actuarial value of plan assets	
Unfunded actuarial accrued liability (UAAL)	\$ <u>206,073</u>
Actuarial value of assets as a percentage of the AAL	
Covered payroll (active plan members)	\$ 8,270,232
UAAL as a percentage of covered payroll	2.49%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

***Actuarial methods and assumptions:***

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with the perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. In the July 1, 2013, actuarial valuation, the Projected Unit Credit actuarial cost method was used. The actuarial assumptions included a 4 percent investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 7.5 initially. The rate decreased to 7.0 percent in fiscal year 2015, and will reduce by decrements to an ultimate rate of 4.7 percent by fiscal year 2044. Both rates include a 2.5 percent inflation assumption. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a closed basis over a 30 year period beginning July 1, 2007. Payroll is assumed to grow at a rate of 3 percent.

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 10. On-Behalf Payments**

The State of Tennessee makes on-behalf payments to the State's Medicare Supplement Plan and the Teacher Group Plan for retired teachers of Athens City Board of Education. GASB Statement #24 requires that on-behalf payments be recognized in the Board's financial statements. During the year ended June 30, 2015, the State of Tennessee made contributions to healthcare plans on behalf of the Board as follows:

<u>Plan</u>	<u>Amount</u>
Teacher Group Plan	\$ 65,771
Medicare Supplement Plan	1,200

These amounts were recognized as revenue and expenditure/expense in the Board's General Fund and in Governmental Activities on the government-wide financial statements. For more information regarding the above mentioned plans, see Note 9.

**Note 11. Implementation of Governmental Accounting Standards Board Pronouncements**

As of July 2014, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 68 "Accounting and Financial Reporting for Pensions." This pronouncement establishes standards for governmental employer recognition, measurement, and presentation of information about pensions provided through certain pension plans.

Under this pronouncement, employers providing certain pensions must measure and recognize liabilities, deferred outflows of resources, deferred inflows of resources, and expenses in connection with providing pensions to employees.

The effect of this \$7,569,786 restatement on net position at July 1, 2014, is as follows:

	<u>Governmental Activities</u>	<u>Sanitation Fund</u>
Net position, beginning of year, as previously reported	\$ 41,332,278	\$ 1,864,307
GASB No. 68 – recognize net pension obligations	<u>(7,484,785)</u>	<u>(85,001)</u>
Net position, beginning of year as restated	<u>\$ 33,847,493</u>	<u>\$ 1,779,306</u>

**CITY OF ATHENS, TENNESSEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015**

**Note 12. Deferred Compensation**

The City and the Utilities Board offer their employees deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all employees, permit them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

**Note 13. Contingencies**

The Athens Utilities Board has debt issues with outstanding balances totaling \$26,604,177, representing debt issued by the City where the Utilities Board has assumed all responsibility through resolution. This long-term debt is reported in the Athens Utilities Board financial statements. The debt service is to be paid through user fees and Board funds, but the City is required to establish ad valorem taxes under each debt issue if Utilities Board funds are not sufficient to service the debts.

The City is subject to lawsuits and claims arising out of its business nature. Management, after review and consultation with counsel, believes that any liability, not covered by insurance, from these lawsuits would not materially affect the financial position of the City.

The City has received several federal and state grants for specific purposes which are subject to review by the grantor agencies. Such reviews could lead to a request for reimbursement to the grantor agencies for any expenditures disallowed under the terms of the grants. Management believes that such disallowed costs, if any, would be immaterial.

**Note 14. Risk Management**

The City is exposed to various risks of loss to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the government carries commercial insurance or participates in the Tennessee Municipal League Risk Management Pool. The Tennessee Municipal League Risk Management Pool is a public entity risk pool which provides coverage for a variety of risks to Tennessee governments. The City does not retain the risk of loss under coverages with the pool. There have been no significant reductions in insurance coverage and settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE 1: GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions" was effective and implemented for the fiscal year ended June 30, 2011. Restricted Fund Balances were reported as Reserved Fund Balances in prior fiscal periods. Committed, Assigned and Unassigned Fund Balances were reported as Unreserved Fund Balances in prior periods.

NOTE 2: The City adopted GASB No. 61 in fiscal year 2013, which required the inclusion of the Athens City Board of Education as a blended component unit. Information prior to fiscal 2013 is shown with the Board of Education meeting the requirements of a discretely presented component unit.

- Note 1: The City received federal awards which made it subject to audit under OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" for the year ended June 30, 2015. The Schedule of Expenditures of Federal and State Awards includes the federal and state grant activity of the City of Athens and its blended and discretely presented component units and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.
- Note 2: The Board of Education, a blended component unit of the City, received federal awards which made it subject to audit under OMB Circular A-133 "Audits of States, Local Governments, and Non-Profit Organizations" for the year ended June 30, 2015. The Board of Education awards have been reported on in the separately issued financial statements of Athens City Board of Education. The Board of Education awards have been included in the Schedule of Expenditures of Federal and State Awards to reflect the entire reporting entity. See separately issued Board of Education financial report regarding the Board's Schedule of Expenditures of Federal and State Awards.
- Note 3: Athens Utilities Board, component unit of the City, received federal awards which were below the level requiring the Board to have a "Single Audit" in accordance with OMB Circular A-133, "Audits of States, Local Government, and Non-Profit Organizations" for the year ended June 30, 2015. The Athens Utilities Board awards have been included in the Schedule of Expenditures of Federal and State Awards to reflect the entire reporting entity. See separately issued Athens Utilities Board financial report regarding the Board's Schedule of Expenditures of Federal and State Awards.
- Note 4: Expenditures under the U.S. Department of Agriculture Food Distribution grant received by the Board of Education represent receipt and expenditures of noncash commodities as valued based on equivalent purchased product.

CERTIFIED PUBLIC ACCOUNTANTS

633 Chestnut Street

Suite 1440 Republic Centre

Chattanooga, Tennessee 37450-1440

Report of Independent Certified Public Accountants on  
Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of  
the Financial Statements Performed in Accordance  
with Government Auditing Standards

To the City Council  
City of Athens  
Athens, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Athens, Tennessee, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Athens, Tennessee's basic financial statements and have issued our report thereon dated December 30, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Athens, Tennessee's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Athens, Tennessee's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Athens, Tennessee's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Athens, Tennessee's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

633 Chestnut Street

Suite 1440 Republic Centre

Chattanooga, Tennessee 37450-1440

**Report of Independent Certified Public Accountants  
on Compliance for Each Major Program and on Internal  
Control Over Compliance Required by OMB Circular A-133**

To the City Council  
City of Athens  
Athens, Tennessee

**Report on Compliance for Each Major Federal Program**

We have audited the City of Athens, Tennessee's compliance with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015. The City of Athens, Tennessee's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of City of Athens, Tennessee's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133 Audit of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Athens, Tennessee's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of City of Athens, Tennessee's compliance.

## Opinion on Each Major Federal Program

In our opinion, the City of Athens, Tennessee complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

## Report on Internal Control Over Compliance

Management of the City of Athens, Tennessee is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Athens, Tennessee's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**SECTION II - FINANCIAL STATEMENT FINDINGS – PRIOR YEAR**

**2014-001 Collateralization of Deposits – Athens City Board of Education**

The Governmental Accounting Standards Board requires financial statement disclosure of uninsured or uncollateralized amounts. In addition, amounts not insured or collateralized are not in compliance with state statutes for collateralization of cash amounts which require collateral at 105 percent of cash balances. At June 30, 2014, a financial institution did not have collateral on all the uninsured amounts it held for the Athens City Board of Education. Collateral of \$3,194,983 was not in place leaving cash of \$3,042,841 uninsured and uncollateralized. To comply with state statutes, we recommend that appropriate steps be taken to ensure that all funds are fully collateralized at 105 percent with securities held as collateral in the Board of Education's name by the third party bank.

\$ - 0 -

*Management Response:*

Management has reviewed and discussed this finding with our banker. The banker has taken steps to fully collateralize all funds as required by state statutes.

*Status:*

All funds fully collateralized at June 30, 2015. This item is considered resolved.
